

Federal Communications Commission
Public Safety and Homeland Security Bureau
Attn: Mr. Derek Poarch, Bureau Chief
445 12th St, SW
Washington, DC 20554

March 13, 2008

Dear Mr. Poarch,

As Region 45 Secretary, I would like to request that the Bureau of Public Safety and Homeland Security accept this comment as an attachment to the Region 45 700 MHz plan, previously submitted on 1-31-08, confirmation number 2008131606519.

The following page contains the letter of concurrence from the last of our adjacent regions, Region 22. Steven Potts and Region 22 concur with the recent changes made to the Region 45 plan to adopt to the Second Rule and Order regarding the new consolidated 700 MHz narrowband band plan.

All other adjacent regions, 13, 15, 21, and 54 concur and our Region 45 plan should now be complete.

Thank you for your review and consideration of this new comment as an addition to our previously submitted document.

Sincerely,

Paul Wittkamp,
Secretary, Region 45
Communications Coordinator
Emergency Medical Services,
Wisconsin Div. of Public Health

A CERTIFICATION BY ADJACENT REGIONS THAT MODIFICATIONS AND AMENDMENTS TO THE REGION 45 700 MHz PLAN TO MEET THE FEDERAL COMMUNICATIONS COMMISSION SECOND REPORT AND ORDER DEALING WITH THE COMMERCIAL BROADBAND 700 MHz FREQUENCY RE-ALIGNMENT PLAN HAVE BEEN REVIEWED AND AGREED TO

Region 22 has reviewed and approved the latest modifications to the Region 45 700 Mhz plan. These changes include:

All references to the former wideband frequency ranges of 767 MHz to 773 MHz, and 797 MHz to 803 MHz have been deleted from the plan.

These references have been replaced with the new consolidated narrowband band plan between 769 MHz to 775 MHz, and 799 MHz to 805 MHz.

Former data channels in TABLE THREE have been deleted.

New channel names have been inserted where appropriate to replace the former channel names.

Section 8.2 has been added to address SPECTRUM REQUESTS FOR WIDEBAND OPERATIONS.

Signed
